

Dear Parents

Due to the school closure due to the Coronavirus, we have produced a work pack for the children to work through.

There is a wide selection of work for the children to complete. We have tried to include Reading, Writing and SPAG, Maths, Science and Topic work.

The work involves small amounts of parental input, but mostly the children should be able to manage the work themselves.

The work is in paper format for the children to complete but the work sheets can also be found on the school website.

The children also have their individual log ins for TT Rock stars and Mathletics which they can work through.

Thank you for your ongoing support during this difficult time.

Mrs Carr, Mrs MacDiarmid and Mr Roberts
